Certified Election Results Amended

(Columbus) The Franklin County Board of Elections amended previously certified vote totals from the Nov. 4 general election this afternoon adding 136 votes cast in 13 precincts on Election Day for a countywide total of 299,272.

The additional votes did not change any election result. Absentee and provisional vote totals remain unchanged from their previously certified totals of 101,126 and 6,747 respectively.

The 136 vote difference was discovered by board staff conducting post-election research.

“Our software correctly recorded those votes, but for some reason did not add them to the totals for the 13 precincts involved,” said board of elections Director Bill Anthony. “We are working with the manufacturer, Elections Systems and Software of Omaha, Neb. to find out how this happened and how we can prevent it from happening again.”
