

Reading Columbus City Code 2321.53 in conjunction with Ohio Revised Code 3517.10, it is my understanding that any contribution over \$100, as prescribed by form 31-A by the Secretary of State, requires the primary occupation and employer of the contributor.

The above information was inadvertently omitted from the 2009 finance reports that were filed with the Franklin County Board of Elections. Below I have listed the information missing from the reports.

If my interpretation of the code is incorrect, please inform me of additional information that might be needed.

Thank you  
Bonnie Brizendine  
Deputy Treasurer  
Friends of Rick Pfeiffer Committee
