### NOTICE

**Date:**      *12/9/2019*

**RE:**      **Committee that filed a Local Candidate Finance Report Waiver**

To qualify for the Local Candidate Finance Report Waiver, the candidate was running for:

- An elected municipal office that pays an annual amount of compensation of \$5,000 or less;
- A board of education office;
- Township trustee or fiscal officer.

And the committee agreed that the committee would not:

- accept more than \$2,000 of aggregate contributions during an election period;
- accept more than \$100 from any one individual (excluding the candidate's personal funds);
- make expenditures that total more than \$2,000.

If the campaign committee exceeded any of those limitations, the certificate is void and the campaign committee is responsible for filing all required reports including all activity occurring since the candidacy petition was filed.

If the requirements of the waiver were met, then following the general election (or the primary election if the candidate is not nominated) the campaign committee must terminate or be subject to all reporting requirements. A letter of termination signed by the committee treasurer/deputy must be submitted by the last business day of January following the general election (or the last business day of July for an unsuccessful candidate at a primary election). If the committee does not terminate, it must begin filing the required statements (the Annual report following the general election or the Semiannual report following the primary election if not nominated).

To terminate the committee, the committee treasurer/deputy may sign and return the statement on the back of this notice.

Regards,

Petitions and Filings Section,

Lynne Counts
