

**Addendum to Ohio Secretary of State Form 30-B-2**  
**(Post-General Election Report of Activity through December 3, 2010)**  
**Independent Expenditures from the Ohio Education Association, a Labor Organization,**  
**Supporting Ballot Issue Activity**

**Explanation of Independent Expenditures Activity:**

The Ohio Education Association funded an advertising program utilizing commercials on television, radio and social networking websites. The advertising purchases were regional (in the Southwest Ohio area) between October 22 and November 2, 2010. The advertisements did not carry a specific message urging support of any named school ballot issue/levy, but rather contained messages of general support for public schools and for voting in support of Ohio's public schools. Given the nature of the message, and the scope of its geographical distribution area, the Ohio Education Association's expenditure cannot be reasonably or accurately allocated to any particular ballot issue/levy committees.
