

PRE-GENERAL 1993
(filed October 20, 1993)

Interest on a certificate of deposit, in the amount of \$1,266.75, was omitted from the original CFR.

Four "In-Kind Contributions Made," totaling \$1,236.34, were *correctly* reported on line 8 but mistakenly omitted from the total in line 5 for "Total Monetary Expenditures."

There was a \$175.10 over-report discrepancy caused by either an expenditure omitted from the original CFR or a perceived contribution that was never received.
