FRANKLIN COUNTY  
BOARD OF ELECTIONS

Mr. Jeff O. Mackey  
Manager, Election Operations  
Franklin County Board of Elections

Dear Mr. Mackey,

This letter is in response to your memo dated January 21, 2014, Please be advised as to the following status for the Committee to Elect Jacqueline Taylor:

- Mrs. Taylor has not been an official candidate for any public office since her previous effort in 2011 for the Columbus City School Board.
- At the end of the campaign in 2011, we filed our post campaign documents, which you reviewed and discussed with me at that time. Also at that time I advised you in our conversation that we would have no additional activity until further notice.
- We filed no documents, nor did we receive any notices or requests for documents from you for the 2012 period.
- As you may recall, Mrs. Taylor collected signatures in an attempt to be placed on the ballot for the CCSB election in 2013, but the Republican leadership of the Election Board disqualified enough of her signatures to keep her off the ballot. Those signatures disqualified included her son as well as two other people in attendance at the final hearing.
- Given this turn of events, Mrs. Taylor was not a candidate for any office in the 2013 period, and thus there was no activity for the above noted committee.
- There are no current plans or activities anticipated in the near term for the committee.
